

## **Faculty Background check – Complete – incorrect status:**

In an effort to communicate the candidate status of a background check you now have the ability to view the person profile and contact tab. [viewing-candidate-contact-tab.pdf \(emory.edu\)](#). This allows you to see if the background check is “in progress” or “Complete”.

**Now a new featured widget will appear** on your dashboard that further helps you.

The widget has been added to your dashboard that would alert you to:

- A complete background check.
- An upcoming start date.
- A status other than “Ready for PeopleSoft”
